Employment History

UX/UI Design Intern at Encode, Sarajevo

January 2025 — August 2025

- Collaborated with my team to design and implement digital products
- Participated in the full design process, including user research, wireframing, prototyping, UI design, and usability testing
- Took the lead as the sole designer on several smaller projects, managing the design process independently
- Assisted in creating social media posts, marketing posters, and other related visual content to support promotional efforts
- During Internship I was mentored by a experienced senior designer and given valuable knowledge and feedback.

Experience

UX/UI Team Coordinator at Plus Ultra, Sarajevo

April 2025 — Present

- Coordinated a team of volunteer designers by assigning tasks, tracking progress, and validating completed work
- Mentored and trained volunteers in UX/UI design principles, providing support and feedback
- Collaborated with other teams to implement web pages and ensure design consistency across projects
- Used *Figma* for creating websites; utilized *Canva* for visual content and marketing materials

Volunteer UX/UI Designer at Plus Ultra, Sarajevo

December 2024 — Present

- Contributed to the design and development of web pages and digital materials as part of the UX/UI team
- Participated in the full design process including user research, wireframing, prototyping, and interface design
- Collaborated with team members and other departments to ensure cohesive and user-centered design solutions

NARKO-NE ; Association for Prevention of Addiction, Sarajevo

November 2022 — June 2023

- Planned and facilitated educational workshops.
- Organized engaging events such as masquerade parties and themed celebrations to foster social interaction and creativity among children.
- Collaborated with team members to ensure the successful implementation of various programs and initiatives aimed at promoting children's social skills development.

- Provided tutoring support to children as needed, assisting them with academic subjects and homework assignments.
- Organized and photographed Volunteer Day event capturing memorable moments of volunteer engagement.

Humanity in Action-Game Changers, Sarajevo

March 2022 — June 2022

- Collaborated with team members to design and create an engaging board game centered on gender equality and empowerment.
- Organized promotional events in schools and other venues to raise awareness about the game and its educational objectives.
- Played a key role in facilitating workshops and activities aimed at teaching young people about gender equality and civic engagement through game play.
